

BACKACHE A WARNING ALL SHOULD HEED

It Is One of the First Signs of
Kidney Troubles; if Neglected,
Serious Diseases
Follow.

No one can be well and healthy unless the kidneys work properly and keep the blood pure. When they become clogged up and inactive, nature has a way of warning you.

Backache is one of the first symptoms. You may also be troubled with disagreeable, annoying bladder disorders; have attacks of lumbago or rheumatism; become nervous, tired, and feel all worn out; puffiness shows under the eyes or in the feet and ankles; and many other symptoms are noticed. If they are neglected, dropsy, diabetes, or Bright's disease, which so often prove fatal, may result.

It is not only dangerous, but needless for you to suffer and endure the tortures of these troubles, for the new discovery, Croxone, quickly and surely ends all such misery.

There is no more effective remedy known for the prompt cure of all such troubles than this new, scientific preparation, because it removes the cause. It soaks right into the kidneys, through the walls and linings; cleans out the clogged up pores; neutralizes and dissolves the poisonous uric acid and waste matter that lodge in the joints and muscles and cause those terrible rheumatic pains, and makes the kidneys filter and sift the poison out of the blood and drive it from the system.

You will find Croxone different from all other remedies. There is nothing else on earth like it. It is so prepared that it is practically impossible to take it into the human system without results.

You can secure an original package of Croxone at trifling cost from any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case. Three doses a day for a few days is often all that is ever needed to cure the worst backache, relieve rheumatic pains, or overcome urinary disorders.—Adv.

RANDOLPH.

The death of Miss Hannah Aldrich in Rochester after a long period of illness with tubercular trouble, has been reported here, where she formerly lived and gained such a large circle of friends. Miss Aldrich had been ill for nearly a year, suffering much, yet ever hopeful of the result.

Mrs. B. F. Paine, the mother of Mrs. F. E. Prichard, who lived here with her daughter for the most part of the time when he was the principal of the high school, died at the home of her daughter, on January 17, in Shrewsbury, N. J., and her remains were taken to Lowell, Vt., for burial beside her husband.

A son was born January 21 to Mr. and Mrs. Charles Carpenter, who live on the Chamberlain farm.

Mrs. W. E. Rand returned on Wednesday from Warren where she went to attend the funeral of a niece, Elizabeth Ralph, the daughter of Mr. and Mrs. Daniel Ralph. Mrs. Ralph will be remembered as Gertrude Chambers, who fifteen years ago lived in town. The child died at the Heaton hospital at Montpelier, the result of an operation for appendicitis.

Warren Bean, who was brought here by his son from Tunbridge, and taken to the home of his sister, Mrs. L. T. Sparhawk, was able to accompany his son, Lewis Bean, to Springfield, Mass., where he will remain till fully recovered.

Mrs. L. D. Rhodes had her 88th birthday anniversary, when 90 of her friends remembered her with post cards. Her daughter, Mrs. Hark Whitney, of Chelsea, was present to pass several days with her.

Mrs. Irene Dyer has gone to Barre to pass several days with her granddaughter, Mrs. Douglas Barclay.

Nellie and Newell King have deeded their place on Foundry street to A. C. Templeton.

SOUTH CABOT.

Mr. and Mrs. W. E. Morse and Mr. and Mrs. Wesley Hall were the guests of Mr. and Mrs. Raymond W. Lamberton Sunday.

Harry Tibbets, who has been very ill, is much better and steadily gaining. Mr. Tibbets was out yesterday for the first time since he was taken sick almost two weeks ago.

IF YOUR CHILD

NEEDS A PHYSIC

If Cross, Feverish, Tongue Coated, Give
"Syrup of Figs" To Clean the
Stomach, Liver and
Bowels.

Look at the tongue, mother! If coated, it is a sure sign that your little one's insides, the stomach, liver and 30 feet of bowels are clogged up with putrefying waste matter and need a gentle, thorough cleansing at once.

When your child is listless, drooping, pale, doesn't sleep soundly or eat heartily or is cross, irritable, feverish, stomach sour, breath bad; has stomach ache, diarrhea, sore throat, or is full of cold, give a teaspoonful of Syrup of Figs and in a few hours all the foul, constipated waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you surely will have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children; being composed entirely of luscious figs, senna and aromatics, it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed. A little given to-day will save a sick child to-morrow.

"Full directions for children of all ages and for grown-ups plainly printed on the package."

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine reliable. Refuse anything else offered.—Adv.

Two Cases of Smallpox Here and Good
Chance for Spread of Disease.

There is no change in the smallpox case here, Mrs. Burt Nelson and Wilbur Martin, a roomer in her house, both being in quarantine. The disease is said to have been contracted by Martin while about this section collecting rags and junk, and it is also alleged he still traveled about while broken out with the disease. He is now nearly well.

At a special meeting of the city council, held recently, it was voted to abate the house rent charged Street Superintendent C. B. Roberts at the rate of \$150 a year, that being the amount charged for the house he occupies near the city stables. Some councilmen have charged the rent up to him and others have not. The motion the first of the year was for free house rent, but it was changed to \$100 a month and the keep of one horse. Arthur Thompson, who was held here for Attleboro, Mass., authorities on the charge of forging a check, was taken back to Attleboro yesterday by an officer. His mother, Mrs. John Ennis, accompanied him. Thompson's home is in Middlesex.

The funeral of Miss Mildred St. John took place from St. Augustine's church yesterday morning. Rev. W. J. O'Sullivan officiating. The bearers were Carlisle Coates, Louis Heney, Robert Kelleher, Bernard Pembroke, Hubert Conley and Robert Doyle.

The Vermont State Veterinary association held its annual meeting in the Montpelier house yesterday, when the following officers were elected: President, O. E. Barr of Barre; vice president, W. L. Adams of Hardwick; second vice president, J. G. Whitney of Montpelier; secretary and treasurer, George Stephenson of Burlington.

AFTER FIVE YEARS

Winthrop Child Was Restored
to Health by Vinol

"Five years ago our little girl had a severe attack of diphtheria, which left her subject to bronchitis and stomach trouble, she has been almost constantly under medical treatment. I have also tried two or three remedies containing cod liver oil, but found her stomach rebelled against the oil. Reading your description of Vinol, I decided to try it and did so with most astonishing results. I cannot begin to tell you how she has improved because you do not know what a little sufferer she was for five years. She has gained ten pounds since she commenced to take Vinol, and the story of what Vinol has done for her is only half told in this letter." Mrs. Adelaide Milloy, Winthrop, Mass.

Vinol contains all the healing, curative properties of cod liver oil without the oil, and tonic iron added. That is why it helped this little girl after other remedies had failed.

We ask mothers of weak, sickly children to try Vinol on our offer to give back your money if it fails to help them. Red Cross Pharmacy, Burt H. Wells, Prop., Barre, Vt.

Quaker RANGES

The Large
Ovens Insure
Perfect Baking

It will take us but two minutes when you call at our store to show you how the simple but original Quaker flue construction circulates the heat twice around all sides of the oven before it is allowed to pass up the chimney.

Do you realize that this means a great saving in coal besides insuring an even oven heat that means perfect results for all baking.

If you've had oven troubles we urge you to call at once and see our new Quaker line.

CONVENIENCES IN COUNTRY.

Demonstration How They May Be Secured By Smallest.

How a small one-teacher school in the country may have the conveniences popularly supposed to be the exclusive privilege of the city is demonstrated in the model rural school at Kirkville, Mo., according to H. W. Fought, specialist in rural education for the United States bureau of education. Indoor toilets and shower baths, drinking fountains, and a modern heating plant, are shown to be possible in the country school, however remote from the city. Furthermore, the cost is said to be within the means of a comparatively small community.

The Kirkville school is conspicuous for its utilization of every available inch of space. It is only a one-story building, slightly wider than the typical Missouri country school, but the attic and basement are both put to valuable use. The attic is employed for manual training and domestic science, and there is an excellent herbarium. The basement contains the heating plant, a combination of hot water and hot air, described as very economical in use; the fuel room; a bull room for the outdoor garden; and a dark room for developing photographs.

The machinery of the plant consists of an ordinary pneumatic pressure, operated by a gasoline engine. A septic-tank sewer system is maintained at small expense.

The main floor of the building, besides containing the classroom proper, has a small community library, separate from the school library, emphasizing the purpose of the rural school as a community center. The classroom itself occupies most of the floor. The desks and seats in it are both adjustable and movable with individual platforms; and when all are removed to one side, as many as 200 people can be accommodated, thus making it possible to use the room for community gatherings. The stereopticon in the wall of the classroom emphasizes still further the fact that this school is built for general community use as well as for ordinary school purposes.

Every effort has been made to have the model rural school at Kirkville approximate actual rural conditions. Although located on the campus at the Kirkville Normal school, it is detached from the other buildings. The pupils are real rural material. Every morning a transportation wagon brings in 34

country children from a distance of five miles. No town children are allowed to attend, because it is distinctly a rural school. An expert rural teacher is in charge and the school also conducts an observation school. Candidates for rural school certificates attend at least once a day and observe her work, and after two years of training in the normal school they receive practice work in the school.

"Teachers who have gone out from experience in this model rural school are 500 per cent. better teachers," says Mr. Fought. "But the best indication of the value of such a school is the way its leading features have been copied."

In the country about Kirkville many similar schools have been built. They do not always copy all the details, but the attic arrangement and the sanitary equipment are generally duplicated. Buildings modeled on the Kirkville school have been erected in Mississippi and Nebraska.

WILLIAMSTOWN.

The North Branch district school in East Brookfield closed its winter term last Friday. Mrs. Carl A. Beal, teacher, was presented an appropriate gift from her twenty-two pupils. The Mystic circle club entertained and served light refreshments. Those of the pupils receiving prizes for application and general excellence were: Marion Badger, Anita Dutton, Ralph Perkins, Marguerite Harrington, Eva Reed and Myrtle Austin.
